6. Prerequisites for initiating the procedure for paying out compensation

6.1. The Fund initiates the procedure for paying out compensation when at least one of the following prerequisites is in place:

a) the Cyprus Securities and Exchange Commission has determined by Resolution that the Company is currently unable to meet such of its duties arising out of claims of its investor Clients for covered services it has provided, that such inability is directly related to the Company's financial standing which has no realistic prospect to improve in the near future,

The Commission issues its decision on the commencement of the compensation payment procedure by the Fund, within a reasonable timeframe upon ascertaining the fulfilment of the preconditions for the issue of such decision, and publishes the said decision on its website on the internet.

or

b) a court has issued a ruling directly related to the Company's financial standing that temporarily deprives investor Clients of the ability to file complaints (claims) against the Company;

6.2. Upon issuance of a decision by the Cyprus Securities and Exchange Commission or by the Court in accordance with paragraph 6.1.(a) or 6.1.(b) above respectively, on the commencement of the compensation payment procedure, the Fund publishes in at least two national newspapers an invitation to the covered clients to make their claims against the Company arising from covered services, designating the procedure for the submission of the relevant applications, the deadline for their submission and their content.

6.3. The publication contains at least:

- i. the name and address of the headquarters and the trade name of the Company;
- ii. the deadline for the submission of compensation applications, which cannot be less than five (5) months or more than nine months than nine (9) months from the date of initiation of the compensation payment procedure, or from the date of its publication;
- iii. the method of submission of applications; and
- iv. the address and/or website through which covered clients may obtain the relevant claim form provided by the Fund.

6.4. The publication is immediately communicated to the Commission, which posts the publication on its website.

The Fund may, in exceptional and justified cases, with an announcement, extend the deadline for the submission of compensation applications up to three (3) months, upon the Commission's approval. The Fund's announcement is published in at least two national newspapers, and the Commission publishes it on its website.

7. Late submission of applications

7.1. In case a covered client was not in a position to submit the application within the deadline, the deadline mentioned in the previous paragraph shall not apply thereto, if conditions occurred that prevented the observance of the deadline for the submission of a compensation application or for the collection and submission of the information required.

7.2. A covered client submitting a compensation application after the deadline, shall submit, in addition to the information forming the content of the application, a declaration explaining the reason, if any, for which he was not in a position to claim compensation in time, attaching all supporting evidence to that end.

8. Claim application form

8.1. The Fund issues a claim form setting out the information and supporting evidence required in order to evaluate the claims of covered investors. The Fund may request additional information where deemed necessary.

10.2. The maximum amount of compensation that may be paid to a covered client of the Company will be the lower of 90% of the cumulative covered claims of the covered client and €20.000. This means that, if the claim is for €50.000, the coverage will be €20.000, due to the fact that 90% of this claim, equals to €45.000. However, if the claim is for €10.000, the coverage will be €9.000 (Min (€10.000 X 90%, €20.000) = €9.000).

- iii. Claims relating to joint investment business to which two or more persons are entitled as members of a business partnership, association or grouping of a similar nature, which has no legal personality, shall, for the purpose of calculating the coverage mentioned above, be aggregated and treated as if arising from an investment made by a single investor.

10.4. In the case the covered client is not the ultimate beneficiary of the funds or financial instruments held by the Company:

- i. A compensation shall be paid to the ultimate beneficiary if his identity is or may be established prior the date of the determination or ruling.
- ii. If the ultimate beneficiaries are more than one, in the calculation of the coverage provided for, the share attributable to each one of them according to the arrangements regulating the management of the funds or financial instruments are taken into account.

Where the funds and/or the financial instruments are expressed in a currency other than Euro, the exchange reference rate of the said currency against the Euro fixed by the European Central Bank at the end of the day on which the compensation payment procedure has been initiated shall be used.

11. Unjustifiably paid compensation

11.1. The Fund may at any time require the covered client to return the compensation paid to it if it subsequently establishes that there has been a reason for the rejection of the application, in accordance with the Directive DI87-07.

14. Effects of payment of compensation and additional information

14.1. The payment of any compensation by the Fund entails *ipso jure* subrogation of the Fund to the rights of the compensated covered client/claimant against the member of the Fund during the liquidation procedure of the said member for an amount equal to the compensation payable to it.
